

MATERIAL SAFETY DATA SHEET

1. IDENTIFICATION OF THE MATERIAL AND SUPPLIER

SUPPLIER	IM Group - 8 Becon Court, Hallam Vic 3803 Telephone: (03) 8792 6999 Monday to Friday (holidays excepted)
PRODUCT	Product Name: GOSS DRI-LUBE Other Names: Motorcraft Lube-Stick (Part No. R1 26) Holden Solidoil (Part No. M33028) Mitsubishi Easi-Lube (Part No. 1064769) Manufacturer's Code: Part No. 15
USE	Used as a solid lubricant in a variety of applications such as car

GOSS
DRI-LUBE

2. HAZARDS IDENTIFICATION

HAZARD CLASSIFICATION	NOHSC Classification: Non-Hazardous Substance. ADG Classification: Non-Dangerous Goods. SUSDP Not scheduled.
RISK PHRASES	None applicable.
SAFETY PHRASES	None applicable.

3. COMPOSITION/INFORMATION ON INGREDIENTS

MIXTURE	CHEMICAL ENTITY	CAS No.	PROPORTION
	Highly refined paraffinic oil	64742-65-0	>30 – 60%
	Paraffin wax	8002-74-2	>30 – 60%

4. FIRST AID MEASURES

FIRST AID	<p>Swallowed: If swallowed induce vomiting. Rinse mouth thoroughly with water. Give one glass of water or milk. If symptoms develop seek medical advice</p> <p>Eyes: If in eyes, irrigate immediately with copious amounts of water for 15 minutes with eyelids held open. If symptoms persist seek medical advice.</p> <p>Skin: Wash affected areas with copious quantities of water and soap. Seek medical advice if skin irritation develops.</p> <p>Inhaled: Not a route of entry in normal use. However, in the event of a fire or if the product is melting point, fumes may be generated and inhaled. In heated beyond its such an event move victim to fresh air. Seek medical advice if adverse symptoms, such as coughing, breathing difficulties or burning sensations in the respiratory tract develop.</p>
-----------	---

MATERIAL SAFETY DATA SHEET

4. FIRST AID MEASURES- CONTINUED

ADVICE TO DOCTOR

First aid facilities: Have eyewashes and washroom facilities available where contact can occur.

Treat symptomatically.

5. FIRE FIGHTING MEASURES

EXTINGUISHING MEDIA

This product is a combustible solid. Extinguish fire using water fog, foam, dry chemical or carbon dioxide.

HAZARDOUS COMBUSTION PRODUCTS

Carbon dioxide, carbon monoxide, wax fumes and smoke.

PRECAUTIONS FOR FIRE FIGHTERS

In a general fire keep product cool with water spray. When fighting fire wear full protective equipment and breathing apparatus. Move product from fire area if it can be done without risk.

6. ACCIDENTAL RELEASE MEASURES

EMERGENCY PROCEDURES

Isolate hazard area and deny entry. Put up signs warning of a slip hazard in the contaminated area.

CLEAN UP PROCEDURES

Small spills:

Pick up or sweep up the product and its fragments. Wash contaminated area with a detergent based floor cleaner.

Large spills:

Wearing safety glasses, overalls and gumboots sweep up all solids using a stiff broom and place contaminated material in suitably labelled, disposable containers. If necessary scrape up the remainder of the product using a suitable non-sparking tool. Scrub, with the aid of a stiff broom, water and detergent the contaminated area and absorb the cleaning liquid with a suitable absorbent. Place the absorbed material in suitably labelled, disposable containers.

7. HANDLING AND STORAGE

PRECAUTION FOR SAFE HANDLING

Practice sound industrial hygiene. Take steps to minimise eye and skin contact. Wash hands before work breaks. Keep away from food.

STORAGE

Store in a cool dry place and out of direct sunlight. Store away from heat and ignition sources. Do not store with strong oxidants.

MATERIAL SAFETY DATA SHEET

8. EXPOSURE CONTROL/PERSONAL PROTECTION

EXPOSURE STANDARDS

An exposure limit for this product has not been set by NOHSC, nor would one be appropriate under normal conditions of use. However if a significant amount of this material was held in a molten state wax fumes would be emitted. An exposure value for wax fumes has been set by NOHSC and is given below.

Exposure standard [NOHSC:1003(1995)]:TWA
Wax fumes 2 mg/m³

BIOLOGICAL LIMIT VALUES

Not applicable.

ENGINEERING CONTROLS

Use only in well ventilated areas.

PERSONAL PROTECTION EQUIPMENT

Protective equipment that minimises contact with the product is all that is required under condition of ordinary use. When working in confined areas, ensure good general ventilation.

9. PHYSICAL AND CHEMICAL PROPERTIES

PHYSICAL DESCRIPTION & PROPERTIES

Appearance: Soft solid, candle like stick
Odour: Faint characteristic odour
pH: Not applicable
Vapour Pressure: Not established
Vapour Density: Not established
Boiling Point: Not established
Freezing/Melting Point: Not established
Solubility in Water: Insoluble
Specific Gravity: ca. 0.88
Flashpoint: >200°C

OTHER PROPERTIES

No relevant data.

10. STABILITY AND REACTIVITY

CHEMICAL STABILITY

This material is stable under normal ambient and anticipated storage and handling conditions.

CONDITIONS TO AVOID

Avoid excessive temperatures and contact with incompatible materials.

INCOMPATIBLE MATERIALS

Strong oxidising agents.

HAZARDOUS DECOMPOSITION PRODUCTS

One component of this product will produce wax fumes when heated. The product will produce oxides of carbon when on fire.

HAZARDOUS REACTIONS

Will react with strong oxidation agents to produce heat. Hazardous polymerisation will not occur.

MATERIAL SAFETY DATA SHEET

11. TOXICOLOGICAL INFORMATION

This mixture has not been tested for its health effects as a whole. The components of the mixture have been classified as not hazardous to NOHSC criteria.

ACUTE HEALTH EFFECTS

Swallowed: Ingestion of small amounts may cause abdominal discomfort. Ingestion of large quantities may cause irritation of the gastrointestinal tract, nausea and vomiting.

Eyes: Mildly irritant to eyes. May cause stinging, reddening of the eyes and lachrymation.

Skin: May be mildly irritant to some sensitive individuals.

Inhaled: An unlikely route of entry. Inhalations of high concentrations of vapour from product heated beyond its melting point may irritate the nose and throat.

CHRONIC HEALTH EFFECTS

Carcinogenicity: The components of this product have not been listed as carcinogen by NTP, IARC or OSHA, No data on other chronic health effects.

12. ECOLOGICAL INFORMATION

ECOTOXICITY No Data Available

PERSISTENCE AND DEGRADABILITY No Data Available

MOBILITY No Data Available

13. DISPOSAL CONSIDERATIONS

This product is an industrial waste and may only be disposed of in accordance with applicable State and local regulations. These regulations vary from jurisdiction to jurisdiction and hence the user is advised to seek advice from the local authority before considering disposal. The disposal information given below is a general guide and does not replace the requirement of the local regulations.

DISPOSAL Small quantities may be disposed of as non-hazardous waste. Large amounts may be considered for landfill.

SPECIAL PRECAUTIONS No special precautions for landfill or incineration.

14. TRANSPORT INFORMATION

This product has not been classified as Dangerous Goods. This product does not need to be transported in accordance with the ADG Code requirements.

UN Number: None allocated.

ADG Class: None allocated.

ADG Packaging Group: None allocated.

IMG/IMO Code: Unrestricted

Proper Shipping Name: None allocated.

ADG Subsidiary Risk: None allocated.

Hazchem Code: None allocated.

ICAO/IATA Code: Unrestricted

MATERIAL SAFETY DATA SHEET

15. REGULATORY INFORMATION

AICS All ingredients are listed in AICS

SUSDP Not scheduled.

16. OTHER INFORMATION

MSDS Issue Number: 03
 Date of Issue: April 2021
 Replaces Issue: June 2016
 Changes made to the previous issue: Changes of business name from Goss Product Pty Ltd to GUD Automotive Pty Ltd.

ACRONYMS ADG Code: Australian Code for the Transport of Dangerous Goods by Road and Rail
 AIDC: Australian Inventory of Chemical Substances
 CAS Number: Chemical Abstracts Service Registry Number
 DG: Dangerous Goods
 Hazchem Code: An emergency action code of numbers and letters, which gives information to emergency services
 IARC: International Agency for Research on Cancer
 IATA: International Air Transport Association
 ICAO: International Civil Aviation Organisation
 IMDG: International Maritime Dangerous Goods Code
 IMO: International Maritime Organisation
 N.O.S.: Not otherwise specified
 NOHSC: National Health and Safety Commission
 R-Phrases: Risk Phrases
 S-Phrases: Safety Phrases
 SUDP: Standard for the Uniform Scheduling of Drugs and Poisons
 UN Number: United Nations Number

The health and safety information contained in this MSDS is believed to be true and correct. However because IM Group has no control over the method of use of this product, all statements or suggestions are made without warranty, expressed or implied, regarding the reliability of the information, or the hazards resulting from the use of the material. Every user should consider the information given in this MSDS in the context of how this product will be used in the user's workplace, including the effects of other products on the premises.
